

Message From Pastor Paul:

Today I am preaching from Genesis 12:1-3, a message entitled "THE MYSTERY OF ISRAEL". Israel has been a miracle nation from the beginning! I wish to briefly mention four miracles of their existence.

First, she is an ETHNOLOGICAL MIRACLE. The nation was born of one too old to give birth. The deliverance from Egypt was filled with miracles--the plagues, the opening of the sea, the cloud by day, the fire by night, the feeding in the wilderness, the battle of Jericho, the opening of the Jordan--all were miracles.

Second, she is a SOCIOLOGICAL MIRACLE. In 1948 who believed Israel could survive? How half a million Jews from 52 countries could form a nation? Now nearly 5 million Jews from 92 countries live in the one nation. They have more medical doctors per population than any country in the world.

Third, she is an AGRICULTURAL MIRACLE. Only 6 countries of the world produce enough food for their people, then export food. I am amazed each time I go to Israel to see what is happening in the Negev Desert by irrigation from the Sea of Galilee 165 miles away.

Forth, there is a LANGUAGE MIRACLE. No dead language has ever been revived, yet the Hebrew of the Bible is spoken in Israel. In 1911 the Britannica Encyclopedia said: "The possibility of the recovery of ancient Hebrew is as remote as the rise of Israel in the Middle East." Before they entered the land, Moses gave a farewell address. He said, "They would enter the land and corrupt themselves. Then God would scatter them in the nations of the world. But in the last days, He would remember where he scattered them and bring them back to the land of Abraham, Isaac and Jacob, and never to move again." The Jew is back in the land.

Chuckle: Pastor Ringer asked little Brittany what she thought of her first church service. She stated, "The music was nice, but the commercial was too long." 😊
